6. **Cropping:** Indicate what portion of the photo you want (describe in words, by sketch or with a paper cut-out). Describe below if you need more space.

7. **Shape:** Choose the shape of the finished work. Rectangle ☐ Square ☐ Oval ☐ Circle ☐

8. **Size:** Specify the size of your chart, measured in **stitches** (not inches). Aim for at least 40 stitches across a face. To increase detail, don't be afraid to go larger if you are prepared to put in the effort. A single face, for example, is good at 120 by 150 stitches, even better at 150 by 200.
